

Quality Policy

This policy reflects the beliefs of the Management Team for Method Safety and Security Ltd and group companies (=Method).

=Method will;

- deliver high quality services and products,
- act in a consistently moral and ethical manner,
- act impartially and without discrimination – being objective, fair, neutral and free from conflict or bias,
- provide a safe, stimulating, enjoyable and challenging working environment to support the career, life and recreational goals of our team,
- ensure the competency of our team is appropriate to the tasks undertaken and that the opportunity for development exists,
- maintain the confidentiality and security of Client, team and =Method data, when in our possession,
- listen carefully to feedback, suggestions and ideas from our team, clients and others so that we can experiment and improve,
- comply with international standards as appropriate to the industries we operate in and the services we provide,
- operate in a manner that reduces our impact on the environment.

This Policy is established by the Management Team and signed by the Chief Executive Officer. It is reviewed annually as part of the Q102 Business Risk Review.

Our Quality Management System is the process by which we implement the above objectives, guidance for which is provided in our Q101 Quality Manual.

Our QMS system will also ensure projects are delivered in compliance with Functional Safety Management requirements as per IEC 61508 and IEC 61511.

All individuals who work on behalf of =Method are expected to support the values expressed in this Policy.

Signed on behalf of =Method

Dil Wetherill – Chief Executive Officer
