

Health & Safety Policy

This policy defines how Method Safety and Security Ltd, its group companies (=Method) and all individuals who work on behalf of =Method (the team), will manage their health and safety responsibilities by:

- Controlling health and safety risks at work
- Involving the team in health and safety issues that affect them
- Making sure that where the team works, and any equipment they use, is safe
- Making sure that dangerous substances are stored and used safely
- Making sure the team, especially those new to the team, have relevant information and training on health and safety
- Making sure the team can do their jobs and are properly trained
- Trying to stop accidents and work-related health problems
- Regularly checking that working conditions are safe and healthy
- Regularly reviewing this policy and making changes if necessary

The Policy is established by the Management Team and signed off by the Managing Director. It is reviewed annually as part of the Business Risk Review (guidance found in Q102).

Our Quality Management System is the process by which we implement the above objectives, guidance for which is provided in our Quality Manual Q101.

The team is expected to support the values expressed in this Policy.

Signed on behalf of Method Safety and Security Ltd and group companies

Dil Wetherill – Managing Director
