

Health & Safety Policy

This document is the Health & Safety Policy for Method Safety and Security Ltd and group companies (=Method).

=Method expects Team members to always consider their own and others safety. =Method will always support a Team member who acts if they believe safety is not adequate.

=Method will;

- control health and safety risks at work
- involve the team in health and safety issues that affect them
- make sure that where the team works, and any equipment they use, is safe
- make sure that dangerous substances are stored and used safely
- make sure the team, especially those new to the team, have relevant information and training on health and safety
- make sure the team can do their jobs and are properly trained
- try to stop accidents and work-related health problems
- regularly check that working conditions are safe and healthy
- regularly review this policy and make changes if necessary

This Policy is established by the Management Team and signed off by the Chief Executive Officer. It is reviewed annually as part of the Q102 Business Risk Review.

Our Quality Management System is the process by which we implement the above objectives, guidance for which is provided in our Q101 Quality Manual.

All individuals working on behalf of =Method are expected to support the values expressed in this Policy.

Signed on behalf of =Method

Dil Wetherill – Chief Executive Officer
Method Safety & Security Ltd
